A previous delegate...

“When I first started the Limbic Performance System Indide-Out Success Programme I had 7 customers. Fast forward to the end of this amazing 8 week live online journey my Zinzino team growth had rocketed and I had gotten my wife to join the team. And with those foundations we went on to win the Zinzino Finland Team Builder of the Year with 100 customers. The LPS programme was crucial to this success. It gave us clarity of purpose, helped us connect our values and core beliefs to the world of Zinzino and, most importantly, gave me the confidence, clarity and tools to drive forward my sales activity and results. This programme is an absolute "must do" for any Zinzino partners who are serious about growth, success and making a difference through Zinzino products.”
